# Corporate History

Filemon Escueta Jr., Chief  
Operating Officer, and wife  
Aida Hofilena Escueta, President

Eleonor Escueta,  
Vice President for Operations

Placewell International Services Corporation or PISCO, is a pioneer company in the Philippine overseas employment sector. Established in 1978 by husband-and-wife team Filemon P. Escueta Jr. and Aida Hofilena Escueta, Chief Operating Officer and President, respectively, it has earned almost five decades of productive experience in the recruitment and deployment of tens of thousands of Filipino workers to the Middle East, Asia, Europe, New Zealand, United States of America and Palau.

Over the years, the Company has earned eminent reputation as a human resource provider fast to respond, reliable, and efficient-value that define its track to record of commitment to total customer satisfaction which are now ingrained in its corporate culture.

Adaptive and flexible, PISCO has embarked on various innovations to plug itself into the hub of the fast-changing global landscape of recruitment to remain competitive.

In the Philippines' first automated election in 2010, it successfully mobilized 84,000 highly-skilled computer professionals as one of the 1,400 local and international manpower providers selected to man the COMELEC's automated vote counting machines.

Today, as the 21st-century world of work unfolds, PISCO remains faithful and true to its vision, mission, and philosophy forged by its founders. And while it has grown to become a leader in the Philippine overseas employment sector, it has not lost, but rather sharpened its commitment to recruitment excellence.

Its principal office is in the Makati Central Business District and maintains offices in the cities of Davao, Cagayan de Oro, General Santos, Tacurong, Butuan, and Koronadal in Mindanao; Cebu, Iloilo, Caticlan, Dumaguete, and Bacolod in the Visayas; and in the provinces of Nueva Ecija, Cabanatuan, Tuguegarao, Isabela, Pampanga, Bicol and Laguna in Luzon. It will continue to expand its operation in other areas of the country to reach more Filipinos seeking better opportunities through overseas employment.

## OUR VISION

A Philippine manpower services company, born of excellence, nurtured by expertise and committed to lead in meeting the needs of global employers for highly competent, professional, and skilled Filipino workers.

## OUR MISSION

To be the most-trusted, most-reliable Philippine manpower services company in the world, recognized for readily available efficient services to our clients; for loyalty to our employees; for fidelity to our stockholders; and for social responsibility to our community.

## CORPORATE PHILOSOPHY

**We are a people company that builds lasting relationships.**

We care for people because they are:

- (1) Individuals with dignity to be respected and rights to be protected.
- (2) Employers who generate economic value.
- (3) Workers who need to be treated and rewarded fairly.

**Clients count first.**

We exist for our clients and, thus, work to provide them on-time job-ready, and competent workers as required, by employing only ethical and modern recruitment practices and strategies that conform to international standards.

**We take our corporate social responsibility seriously.**

We share the rewards of business with the communities where we operate, believing that by giving freely, you shall receive tenfold.

# SERVICES

## Recruitment

Placewell International Services Corporation is one-stop shop for the foreign employers and workers to avail of the following services:

- **Personnel search.** A deep and extensive manpower pool of 'work-ready' candidates enables the Company to mobilizes workers on short notice. For external search, it mobilizes a network of individuals and institutions, including the Public Employment Service Offices.
- **Screening and Assessment.** The company has established rigorous screening and assessment procedures at par with international standards. It engages professionals and experts for psycho-social, behavioral, knowledge, and skills testing.
- **Client Interview.** It arranges face-to-face and virtual interviews of short-listed workers by employers and principals. The company has adequate facilities for online tele-conferencing.
- **Pre-qualification testing and training.** Modern facilities for applicant testing and training is available. If a technical or trade test is needed, it facilitates the conduct of such through its network of public and private technical or trade test institutions.

## Pre-departure Orientation

An accredited provider since 1988, PISCO has its own facility for the Pre-Departure Orientation Seminar (PDOS), a government-mandated, one-day session where a selected candidate is immersed in a comprehensive overview of the country of work and its culture, language, banking and business practices and other relevant information the worker needs to know.

## Deployment

The Company assists the worker in the A to Z of deployment, including application of passport and visa, medical examination, and other official documentation. If authorized by the employer, it provides liaison services for official transactions with airlines, embassies, and labor offices, as well as assistance on translation and authentication of documents and airport meet-and-greet.

## Post-deployment

Maintaining regular contact with deployed workers and their families is part of the Company's strategy of ensuring smooth post-deployment transition, to ensure that the worker goes along well in his workplace and that his family feels assured and secured.

# HOW TO ENGAGE US

Foreign employers/principals who wish to engage in the services of Placewell International Services Corporation need to comply with the laws of the Philippine government, specifically the Department of Migrant Workers or DMW's rules and regulations on the recruitment and hiring of Filipino workers.

## Execution of a Special Power of Attorney

A foreign employer needs to authorize PISCO to recruit and deploy workers for and on its behalf. The authorization covers the signing, cancellation, renewal, and execution of all pertinent workers' papers and documents, as well as legal representation for the foreign employer in all Philippine government offices and agencies.

Department  
of  
Migrant  
Workers

*More than jobs!  
It's decent jobs.*

Overseas  
Workers  
Welfare  
Administration

## Registration of Foreign Principal

A foreign principal needs to register with the Philippine Overseas Labor Office (POLO) of the Department of Migrant Workers in the country where the employer operates or where the worker is to be assigned. PISCO assists its foreign principal in this process. Prior to registration, the foreign principal must complete the following documents:

- Special Power of Attorney (See above)
- ID of Authorized Signatory
- Master Employment Contract (Department Of Migrant Workers Standard Contract)
- Manpower Request or Job Order
- Visa Copy
- Foreign employer's business license, registration certificate, or equivalent document verified by the Ministry of Commerce
- Standard Employment Contract
- Contingency Plan
- Recruitment Agreement
- Undertaking Landbased
- List of Filipino Workers
- Colored picture of worksite and accommodation of Filipino Worker

## Issuance of Manpower Request or Job Order

The foreign principal issues the manpower request or job order, which is verified by the POLO. Verification involves the act of establishing the existence of the employing person, project, or company and its capability to hire foreign workers at acceptable rates at desirable conditions, in conformity with the minimum standards prescribed by the Philippine government and the relevant laws of the host country.

All documents described above must be stamped by the local chamber of commerce in the country of the foreign employees and authenticated by the Philippine Embassy/Consulate and to be accredited at DMW. After these procedures, PISCO sets the wheel in motion for the recruitment and hiring of the needed workers.
